Declaration of Conformity

Packaging Materials – PPWR Article 5
Geba Innovations BV hereby declares, based on the information and confirmation received from our supplier, that the packaging and packaging materials supplied for the products delivered to Invago BV (Drumclip) comply with the following requirements under Regulation (EU) 2025/40 on packaging and packaging waste (PPWR), Article 5.

1. Heavy metals – Article 5(4)
We confirm that the concentration levels of lead, cadmium, mercury and hexavalent chromium, in total, do not exceed 100 mg/kg in the packaging and packaging materials supplied.

2. PFAS – Article 5(5)
We confirm that, based on the supplier's declaration, the packaging and packaging materials supplied do not contain any intentionally added or intentionally introduced PFAS.
The products supplied by Geba Innovations BV are not supplied in food contact packaging.
Nevertheless, our supplier has confirmed that no PFAS are intentionally added or intentionally introduced in the packaging and packaging materials used.
No non-compliant packaging or packaging materials are known to us for the products supplied to Invago BV (Drumclip).

This declaration is issued based on the supplier's confirmation and the information currently available to Geba Innovations BV.
